

# La'aulapa'au Plant Report

Choose 4 different la'ualapa'au plants listed below. Use the research websites provided or find your own resource to use to look for the following info:

- Scientific name
- Common name
- Hawaiian name
- Medicinal uses of plant
- Parts of plants used
- Cultural significance (other uses than medicine?)
- Legends or stories about the plant (Hawaiian or other cultural connections)
- Hawaiian cultivated techniques (how did they grow it traditionally?)
- Cultivation techniques today (is it the same, different, or both?)

Work can be done on google slides. **You will submit 4 different sets of slides, 1 set for each plant.** Please include a title slide. Look at the examples to see how to format your information. Submit to google classroom, or email to [mpokipala@hurricanes.k12.hi.us](mailto:mpokipala@hurricanes.k12.hi.us)
